

Public Safety Training Hub: Improving Public Safety Professionals' Performance and Impact

Public safety agencies face increasing pressure to modernize their practices, respond to complex public safety challenges, and build trust with the communities they serve. CNA's Public Safety Training Hub is a national center for scalable, practitioner-focused instruction, offering high-quality, real-world training for public safety organizations regardless of agency size or location.

Evaluation —

Comprehensive analytics to measure immediate and long-term training impact on agency members.

About CNA

The CNA Corporation (CNA) is a not-for-profit analytical organization dedicated to the safety and security of the nation. With nearly 700 scientists, analysts, and professional staff across the world, CNA's mission is to provide data-driven, innovative solutions to our nation's toughest problems. It operates the Center for Naval Analyses—the Department of the Navy's federally funded research and development center (FFRDC)—as well as the Institute for Public Research. The Center for Naval Analyses provides objective analytics to inform decision-making by military leaders and ultimately improve the lethality and effectiveness of the joint force. The Institute for Public Research leverages data analytics and innovative methods to support federal, state, and local government officials as they work to advance national and homeland security.

To learn more or request training from CNA, please contact Center Director Vivian Elliott at elliottv@cna.org.
